THE BMW 5 SERIES. ORIGINAL BMW ACCESSORIES.

ENTER A WORLD OF ENDLESS POSSIBILITIES.

A PASSION FOR STYLE.

It's in the detail – the balanced proportions, the elegantly stretched powerdome, the now forward-inclining double kidney grille, the newly designed optional headlights. It all gives the front profile a uniquely resolute look. This, the product of our designers' passion, is the most charismatic BMW 5 Series ever made. The BMW 5 Series Saloon takes this commanding presence to the road with a timeless elegance while the sporty BMW 5 Series Touring also offers impressively spacious luxury.

But only you can make the BMW 5 Series truly unique – and you can do it with BMW Original Accessories. Be more than the driver, be the designer and bring your vision of perfection to life with a multitude of sophisticated, high-quality and exclusive products. Whether it's for the exterior or the interior, for communication and information or transport and luggage, your style is always your decision.

ORIGINAL BMW EXTERIOR ACCESSORIES.

THE ONLY CHOICE FOR BREATHTAKING DYNAMICS.

All BMW M Performance Accessories are the result of many years of BMW motor sport experience and have been developed in conjunction with BMW M GmbH. Each component has been through the most sophisticated development and manufacturing processes. This, in turn, means that every feature is squarely focused on uncompromising sportiness.

Bring it all to life in your BMW 5 Series. A good place to start is where man and machine meet: the BMW M Performance Alcantara steering wheel with its flattened lower rim in leather, silver-grey stitching and M Performance logo. Or opt for a shining expression of confidence with the 20-inch light alloy wheels and their sporty, individual look. Whether it's for aerodynamics, chassis, drivetrain or cockpit, the result is pure racing feel. This is revealed particularly clearly by the rear diffuser, which not only optimises downforce values but also has a sporty and attractive design. Enjoy the thrill of upgrading your BMW 5 Series with BMW motor sport genes.
