# THE NEW BMW X3 AND THE NEW BMW X4. ORIGINAL BMW ACCESSORIES.

ENTER A WORLD OF ENDLESS POSSIBILITIES.

## KEEPING YOU IN THE DRIVER'S SEAT.

Welcome to a new world of possibilities. Whether it's the BMW X3 with its remarkably effective mix of efficiency and intelligent functionality, or it's the BMW X4, which combines typical X power with the aesthetics and design of a classic coupé – you choose where the road takes you.

This is also very much the case with Original BMW Accessories and the seemingly limitless ways in which they meet your needs and allow the expression of your ideas. Experience the most contemporary lifestyle and exceptional performance – by way of exciting design and impressive versatility. It starts with the exterior and the interior, moves on to communication and information and keeps going right through to transport and luggage compartment solutions. It's all ready and waiting.

# STYLE THAT SUITS A CLASS-LEADER.

## ORIGINAL BMW EXTERIOR ACCESSORIES.

### 1 20" light alloy wheels Y-Spoke 542

High quality 20" light alloy wheels in Bicolour matt black. Burnished on visible sides.

### 1 Roof rails in satin-finish aluminium

A perfect combination of form and function.

### 2 20" light alloy wheels Star-spoke 311

The high quality 20" light alloy wheels, with their visible bolts, accentuate the sporty looks of the vehicle.

### 3 21" BMW M Performance light alloy wheels Double-spoke 599 M

These high quality 21" light alloy wheels are forged, finished in Bicolour matt black, burnished on their visible sides and feature the M logo.

### 4 + 7 20" BMW M Performance light alloy wheels Double-spoke 310 M

High quality 20" light alloy wheels finished in Bicolour Orbit Grey, burnished on the visible sides and featuring the four-colour M logo.

### 5 20" light alloy wheels Star-spoke 311 in chrome

These high quality 20" light alloy wheels are fully chromed and, with their visible bolts, create an even more sporty appearance.

### 6 18" light alloy wheels M Star-spoke 368 M

These high quality 18" light alloy wheels give the vehicle a note of particularly sporty elegance.

### Locking wheel bolts (not pictured)

This set comprises four locking wheel bolts with special

BMW coding. The bolts can only be opened using the special supplied tool and therefore provide highly effective protection from wheel theft.

➤ Further information on all wheel and tyre combinations can be found in the Accessories section of the BMW website.

## THE ONLY CHOICE FOR BREATHTAKING DYNAMICS.

BMW M Performance Parts, developed in collaboration with BMW M GmbH, are the result of many years of BMW racing know-how. Each component goes through an intense development and manufacturing process, thus ensuring uncompromising, consistent sportiness.

And you can experience it all first-hand in your own BMW X3 or BMW X4. The BMW M Performance carbon wing mirror caps, for example, even further emphasise the individuality and exclusivity of your vehicle. You can also accentuate your vehicle's dynamically sporty look with the BMW M Performance front grille in black. Whether it's for aerodynamics, the chassis, the drivetrain or the cockpit, you can look forward to a feeling that is beyond compare – when you make the sporty profile of your BMW X3 or BMW X4 even more compelling.

## AT HOME ON THE ROAD. ORIGINAL BMW INTERIOR ACCESSORIES.

**1 - 3 Travel & Comfort system – base support**  
Mounted on the front headrests, this provides fixed support for the clothes hanger, the folding table, the universal hook or the Apple iPad™ holder.

**1 Travel & Comfort system – folding table**  
The Travel & Comfort system folding table features an attractive BMW design and is easily mounted to the base support (required) via modular plug-in connectors. The folding table can be adjusted for height and angle and has an integrated cupholder with a chrome ring.

**2 Travel & Comfort system – clothes hanger**  
The Travel & Comfort system clothes hanger in an attractive BMW design allows for the hanging of clothes on the rear of the backrest. Plug-in connectors make it easy to attach to the base support (required). The hanger can also be used outside of the car (hotel function).

**3 Travel & Comfort system – universal hook**  
The Travel & Comfort system universal hook allows items of clothing or light bags to be safely hung up at back of the seat, thus protecting them from dirt in the footwell. And thanks to plug-in coupling, it is easy to attach to the base support (required).

**1 Sunblind**

The practical sunblind attaches quickly and easily to the side windows in the luggage compartment. Thanks to its perfect fit, it protects, in particular, children from direct sunlight and also helps to reduce the temperature inside the vehicle.

**1 Group 1 BMW Junior Seat with ISOFIX**

The Group 1 BMW Junior Seat in black/blue (pic 1) or black/Anthracite is, in conjunction with the ISOFIX base, the safe choice for children from around 12 months to four years (approx. 9–18kg). It can be attached in a forward- or rearward-facing position and, with its patented air pads, offers increased side impact protection for the head.

**2 Group 0+ BMW Baby Seat with ISOFIX**

Available in black/Anthracite (pic 2) or black/blue, the portable baby seat offers maximum safety for children up to 15 months old (approx. 13kg). It can be used either in conjunction with the separately available ISOFIX base or attached via the three-point safety belt and is also approved for use in aeroplane seats. Patented airpads provide increased side impact protection for the head area and a removable sun shade ensures even more travel comfort.

**3 Group 2/3 BMW Junior Seat**

This seat, in black/blue (pic 3) or black/Anthracite, “grows” as required, allowing long-term use for an age group ranging from three to 12 years (approx. 15–36kg).

It is attached via the three-point safety belt and, additionally, can be secured to the vehicle's ISOFIX anchor points for increased stability. At the same time, patented air pads and high side bolstering provide optimum side impact protection for the head area. The seat also adapts to the angle of the respective car seat. Additionally, the backrest of the Junior Seat has a folding function, so it is easy to carry outside of the car.

➤ For detailed information about the full range of components for the interior of your BMW, visit the Accessories section of the BMW website.

**4 Rear storage bag, Luxury**

This luxury bag in black and featuring high quality genuine leather is attached using the middle seat belt and can also function as a rear armrest. With two cupholders and several inside and outside pockets, it offers a great deal of storage room and can be carried in comfort thanks to its integrated shoulder strap.

**4 Backrest bag, Luxury**

Ideal when travelling with children. This bag in black attaches to the rear of either front seat. Featuring various closable inside pockets and an insulated bottle compartment, it offers plenty of storage space for various items, folds up as required and is easy to carry.

**5 Auxiliary heating**

The powerful auxiliary heating ensures that the interior is a pleasant temperature and that the windows are not iced up or fogged before the start of a journey. It is activated by the head unit, iDrive or the separately available remote control option.

**6 Textile floor mats**

The high quality textile floor mats with BMW lettering and stainless steel metal inserts feature additional heel protection to prevent wear from shoes. A perfect fit and with rubber backing, they also protect the front footwells from moisture and dirt.

**7 All-weather floor mats**

These perfect-fitting, hard-wearing mats with their raised edging and attractive design do not just protect the front footwells from moisture and dirt. They also prevent feet from getting wet. Finished in black and with high-quality stainless steel inserts.

**Storage net in footwell (not pictured)**

The two-part storage net is easily installed in the front passenger footwell. Readily accessible, it provides useful space for items such as a BMW high-visibility vest, road maps and other small items.

**8 LED torch, rechargeable**

This rechargeable LED torch features an elegant stainless steel design, low power consumption, long life and excellent brightness of 10 lux. The powerful battery is charged by simply plugging the torch into the on-board 12-volt outlet.

**9 Key case, xLine**

In a combination of smooth leather and suede leather, the key case not only protects from scratches, dirt and water, it also prevents unintentional activation of the buttons. And, with its stylish metal detailing plus an integrated “X”, it combines functionality with elegance.

**ALWAYS IN THE KNOW.**  
 ORIGINAL BMW COMMUNICATION & INFORMATION ACCESSORIES.

**1 Travel & Comfort system – Apple iPad™ holder**  
 The Apple iPad™ holder, part of the Travel & Comfort system, docks easily and securely into the separately available base support via plug-in connectors. It can also be adjusted to perfectly suit any rear passenger thanks to its freely rotating frame. The holder additionally features an integrated support for free-standing use outside the vehicle with full operating convenience.

**2 BMW Car Hotspot LTE**  
 The BMW Car Hotspot LTE provides an unparalleled high-speed internet experience for up to eight users. All that's required is an LTE-enabled SIM card in each device. The mobile hotspot is easy to install and, thanks to an integrated battery, can also be used outside of the vehicle.

stored on a mobile to be played through the vehicle's speakers. The adapter also enables convenient operation via the iDrive Controller, multifunction steering wheel or radio.

**3 + 4 Snap-in adapter**  
 A secure docking and charging system for mobiles from Apple, Samsung, Nokia, Motorola and other manufacturers. To ensure optimal network connection, the adapter uses the vehicle's exterior aerial. The Snap-in adapter is available in Basic, Music, Media, Connect (pic 3) and Connect Universal (pic 4) versions to suit the vehicle and its equipment. These allow audio

#### 1 BMW Click & Drive system

The BMW Click & Drive system is a holder for Apple and Samsung smartphones, as well as for the BMW Navigation Portable. The system is attached to the windscreen with a removable adhesive pad. Special clasps (also available separately) allow the BMW Click & Drive system to be perfectly fitted for different devices. The integrated USB port means the device can be charged in the car. The Samsung holder reacts to the NFC (Near Field Communication) chip in the smartphone and automatically activates the BMW Wireless app when the phone is placed in the holder.

#### 2 Rear View camera

The Rear View camera makes it easier to park and manoeuvre in tight spaces. The area to the rear of the

vehicle is conveniently shown in the Control Display, including any obstacles.

#### Digital roadmaps (not pictured)

The digital roadmaps provide effective route guidance in countries throughout Europe. As well as current information on changes to the roads, the roadmaps also offer, for instance, the integrated Falk travel guide for valuable insight on the move.

#### 3 Music/media adapter

The Media adapter allows for the integration and charging of compatible external Apple™ devices such as the iPod™ and iPhone™. This means that individual entertainment, from music through to videos and Cover Art, can be played. Use is simple and convenient thanks to the on-board operating system and either the iDrive

Controller, a multifunction steering wheel or radio.

Electrical compatibility is ensured and cable lengths are perfectly matched to the BMW.

#### 4 BMW dual USB charger

The BMW dual USB charger simply slots into the cigarette lighter and allows two external devices to be charged at the same time. A high charge current offers the additional convenience of fast charging for devices such as smartphones and MP3 players.

#### Micro USB adapter (not pictured)

The micro USB adapter allows for the integration and charging of different audio sources for individual music enjoyment. The on-board operating system enables direct control of devices such as MP3 players and smartphones.

#### 5 BMW rear DVD system

The rear DVD system is integrated in the centre armrest and finished entirely in black. Video, music, images and

other media are played back through a folding 7-inch display and integrated DVD player.

#### 5 + 6 Infrared stereo headphones

The infrared stereo headphones are specially designed for the rear DVD and tablet DVD systems. They offer impressive sound quality and excellent comfort, particularly for children.

#### 6 Tablet DVD system

The high quality tablet DVD system, with either one or two portable monitors, delivers unparalleled entertainment in the rear. The DVD player and the loudspeakers are integrated and the system can play video, music and images from various storage media.

**PUT YOUR IDEAS INTO ACTION.**

**ORIGINAL BMW TRANSPORTATION & LUGGAGE ACCESSORIES.**

**1 Click-on rear carrier system for bicycles/e-bikes**

This system is easy to fit and, in conjunction with the extension kit, allows up to three bicycles to be transported safely. Its high-strength construction permits high loads, including electric bicycles. An integrated folding function also ensures convenient access to the luggage compartment whenever required. For vehicles with a trailer tow hitch, there is the special **bicycle/e-bike holder for the trailer tow hitch**, which can be smoothly lowered to allow the tailgate to be opened.

**2 Racing cycle holder, lockable**

Suitable for all BMW roof carrier systems, this allows for the safe transport of up to four racing bikes. A separately available front wheel bracket also enables the attachment of quick-release wheels that have been removed.

**2 - 4 BMW roof bars, lockable**

The roof bars are compatible with all BMW racks and roof boxes and can be mounted without tools. They are particularly easy to fit and, with their robust construction and anti-theft locking system, meet the highest quality and safety requirements.

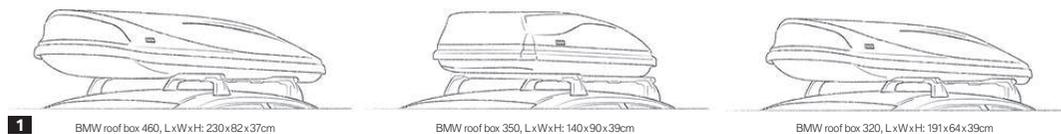

**3 Touring cycle holder, lockable**

This lockable holder in high-strength aluminium allows the safe transport of a racing, touring, child's or mountain bike. Bicycles weighing up to a maximum of 22.5kg can be attached using an easy-to-use clamp system.

**5 Trailer tow hitch with fully electric swivelling tow bar**

Conveniently extends and retracts at the touch of a button. When retracted, the tow ball is not visible. Designed for loads between 2,000 and 2,400kg and a maximum nose weight of 80kg.

**1** BMW roof box 460, LxWxH: 230x82x37cm

BMW roof box 350, LxWxH: 140x90x39cm

BMW roof box 320, LxWxH: 191x64x39cm

### 1 + 2 BMW roof boxes

These contemporary boxes fit all BMW roof carriers and feature a two-side opening system with triple central locking on each side. Available in three sizes – 320, 350 and 460 litres (pic 2) – and four elegant colour combinations.

### Universal lift and roof box adapter (not pictured)

The combination of the roof box adapter and the universal lift allows just one person to mount and dismount roof boxes of all sizes. Dismounted roof boxes can be stored in a garage roof, for instance, to save space.

### Ski rests in roof box (not pictured)

For the secure transport of skis. Skis even stay in place during abrupt movement of the vehicle.

### 3 Ski and snowboard holder, lockable

The highly adaptable lockable ski and snowboard holder is suitable for all BMW roof rack systems. For the secure transport of up to six pairs of skis, four pairs of skis with ski poles or two snowboards and two pairs of skis with ski poles.

### 4 Luggage rack

The lockable luggage rack in high-strength anodised aluminium, in conjunction with tensioning straps, provides a flexible platform for all BMW roof carriers and the additional storage they offer. The highly tear-resistant straps are provided with stable turnbuckles and prevent even bulky items from slipping.

### 5 Surfboard holder

For securely attaching a surfboard and mast to the BMW roof rack. Impressively easy to use thanks to its innovative mounting system.

### Universal holder (not pictured)

Highly versatile transport assistance. Four infinitely adjustable holders, four strap eyelets and two tensioning straps secure even bulky items.

### 6 Ski boot bag

The black ski boot bag is not only particularly comfortable to carry, it also impresses with its high quality material and excellent storage space. Along with ski boots, items such as ski goggles, ski helmets and gloves can also be safely packed.

### 6 Ski and snowboard bag, Luxury

The elegant ski and snowboard bag provides safe transport for up to four pairs of skis or three snowboards in the interior. It is secured by using tie-down straps with carabiner clips that hook into the existing lashing eyes. The bag also has integrated rollers so it can be pulled with ease outside the vehicle.

### 7 Luggage compartment straps

The highly tear-resistant straps allow individual partitioning of the storage area. The straps can be quickly attached to the rail and are easily repositioned to ensure that light items are held in place.

### 8 Adaptive securing system

The adaptive securing system is easily attached to the lashing rails and can be adjusted forward and backward. This allows the storage space to be quickly and individually partitioned, thus preventing light loads from slipping.

### 9 Luggage compartment mat, fitted

This non-slip, water-resistant and durable mat with raised edging protects the luggage compartment from

dirt and moisture. In black and with a stainless steel inlay featuring BMW lettering. Also features textile pockets, left and right.

### 10 Luggage compartment net

Prevents loose items from slipping in the luggage compartment. The black, elastic netting features pull tabs and attaches via S-hooks to the existing luggage compartment lashing eyes.

### Loading sill protective mat (not pictured)

Attaches to the rear lashing eyes of the luggage compartment via adjustable velcro strips and protects the sill when loading and unloading.

# SPA TREATMENT FOR YOUR BMW.

Sparkling paintwork, immaculate leather, a highly polished look. With Original BMW Care products, you can give your BMW some very special treatment. Perfectly designed for high-quality materials, they provide gentle care and strong protection. And whether it's for the interior or the exterior, the wheel rims or the windscreen, you will always find exactly the right solution for any task.

## PREMIUM CARE WITH ORIGINAL BMW CARE PRODUCTS.

## AN ATMOSPHERE OF PURE WELL-BEING.

BMW Natural Air products are the most convenient way to create a refreshing interior atmosphere. Fragrance sticks can be placed in a special holder that attaches quickly and easily to any BMW ventilation grille. The sticks are interchangeable and the intensity of their scent can be adjusted by hand. The BMW Natural Air starter kit comprises a holder, colour-matched to the interior, and a fragrance stick in either Purifying Green Tea, Energizing Tonic or Balancing Amber. And there's no chance of any leakage because the sticks contain no fluid.

Create an atmosphere of well-being and an even more enjoyable ambience – with scents extracted from essential natural oils and made exclusively for BMW.
